

PRIZES FOR THE PARADERS

Fourth of July Committee Decides Upon Its Various Appropriations.

The Fourth of July Committee on Parade has outlined its work in the best shape and from its plans proposes to have a procession which will be the most perfect and at the same time entertaining and attractive, that ever has been given in the city.

There will be some features which will be well worth seeing, and to stimulate which the committee has asked for appropriations for prizes. The parade floats, for instance, will mean the bringing into line of symbolic or practical illustrations of the workings of the men of one craft. The boiler-makers or the engine builders will be asked to make a showing of the methods of their trades.

The group prize is meant to induce societies or unions to parade as a whole, with the adoption of some distinctive design which will attract attention and add beauty to the parade. The plan of the committee is to have three or four bands in the line, they wishing to secure the government band, the Portuguese band, that of St. Louis College and the Kamehameha School band.

The complete list of the prizes will be as follows:

Trade Floats—First, \$100; second, \$75; third, \$50; fourth, \$25; \$250.

Business Trucks and Wagons—First, \$50; second, \$30; third, \$15; \$95.

Best Decorated Bicycles—First, \$15; second, \$10; third, \$5; \$30.

Character Prizes—First, best group, \$50; second, single, \$20; \$70.

Best decorated business house on line of march, \$50.

Best decorated residence on line of march, \$25.

To be awarded to Fire Department for decorating purposes, \$100.

To be awarded to road department for decorating purposes, \$50.

The parade will form on Capitol square, and the line of march will be Merchant to Nuuanu, to King, to Fort, to Vineyard, to Emma, to Alakea, to Merchant, to Capitol Square, where the procession will countermarch and disband.

WILL NOT STOP AT HONOLULU

Army transports returning from Manila will no longer make Honolulu a port of call, and the Warren, Kilpatrick and other of the transports which have been expected here will not come. The Buford and Manila were the first of the homeward-bound vessels to call at this port, because of the quarantine restrictions at Nagasaki, and though Quartermaster Williamson had not been officially notified, a continuance of this plan had been anticipated. Dr. Cofer, head of the Marine Hospital Service here, upon orders from Washington, also made preparations for these returning transports and secured a site at Kuaeha Island and also a large number of tents in which, in case of necessity, several regiments of soldiers could have been encamped. Now, however, there will be no need of these additional hospital accommodations, because of the change in the plans of the War Department. Officers of the Buford, now in port, say that transports from Manila will no longer call at Honolulu for coal and water, as the strict quarantine at Nagasaki has been raised. Cholera has improved somewhat and Japan no longer fears the danger. The Meade was the first of the transports to pass Honolulu upon the new deal. She sailed direct from Manila to Nagasaki, sailing from the latter port on May 13. The Meade arrived at San Francisco on June 1. The Warren, Kilpatrick and Hancock are also supposed to have sailed from Manila for Honolulu, but unless there is another change in the quarantine restrictions they will all call at Nagasaki instead of at this port. The Warren was to have sailed from Manila early in May, but was twice delayed by the discovery of cholera aboard after she had put out to sea.

Both the Rosecrans and Egbert are lying at San Francisco waiting to be sold. The Meade also is likely to be disposed of by the United States Government. She is scheduled to sail for Manila via Honolulu on June 16, but if the Hancock arrives she will take the Meade's place.

The War Department is said to have adopted a new plan of economy in the transport service. Both crews of the Rosecrans and Egbert have been laid off and orders have been issued to all officers of transports requiring strict economy in expenditures in clerk hire, etc.

WORLD'S 100 YARD RECORD BROKEN

NEW YORK, May 31.—Arthur F. Duffy, Georgetown's great sprinter, achieved undying fame today at Berkeley oval by running 100 yards in 9.34 seconds, world's record time. This phenomenal time was made in the final heat of the dash for the intercollegiate championship after a faultless race. When Duffy dashed into the tape and was grasped into the arms of wildly excited officials, time watches were consulted. One made it 9.2-5 seconds, the others, 9.3-5 seconds.

Harvard wins the championship with 24 points; Yale, second, with 30 points, and Princeton third with 27.

Woman Faints in Surf.

A woman bather at Waikiki beach fainted yesterday afternoon while in the surf and far beyond her depth. The man accompanying her made an unsuccessful attempt to bring her to, and also was overcome, and both were in danger of being carried out to sea when rescued by men in a canoe.
